

## WE FOCUS ON YOUR NEEDS

**Comfort Care Home Health Care** provides quality, safe, effective home care services to individuals in need. Our primary objective is to provide skilled care during your transition period from facility to home. Helping you to regain your independence and achieve the quality of life you deserve.

In addition to a caring staff, our services include **skilled nursing, physical and occupational therapy, speech pathology, home health aides, and medical social workers.** Our entire staff is committed to assisting you in a rapid recovery. We are completely dedicated to the provision of patient centered care that focuses on your unique medical needs.

## MEDICAL SERVICE IN THE COMFORT OF YOUR HOME

Our commitment is to ensure that your rights and privileges are met regarding your health care needs. **Serving the Greater Chicago Area (Cook, Will, Dupage, and Kane counties.)** We deliver professional medical services to your front door.

Admission to Comfort Care Home Health Care can only be made under the direction of a physician, based on the patient's identified care needs, homebound status, and the type(s) of service required. While we provide services directly to our patients, we also coordinate with other organizations providing service, to ensure our patients receive seamless care.

## ACHIEVING EXCELLENCE MAINTAINING INTEGRITY

## EXPERIENCE HEALING IN YOUR OWN HOME

**Comfort Care Home Health Care** would like the opportunity to assist you with your medical concerns, questions and goals, while recovering from an illness, surgery and/or disability in a home setting. Sometimes this can be difficult, but with the right assistance, goals can be reached.

Our goal is to provide skilled care during the transition period from hospital, nursing home, or rehabilitation center to your home. We believe that receiving care in a familiar environment, while surrounded by loved ones expedites your healing. Our skilled professionals can guide the way!

## YOU WILL RECEIVE CARE FROM A TRAINED STAFF

Skilled Nurses at Comfort Care Home Health Care are able to provide care services that include:

- **Respiratory Therapy**
- **IV Therapy**
- **Vital Signs Monitoring**
- **Medication Administration**
- **Diabetic Care & Insulin Injections**
- **Wound Care**
- **Catheter Care**
- **Tube Feeding**
- **Ostomy Care**
- **Ventilator Care**
- **Case Management**

## OUR AIDES TREAT YOU WITH CARE & DIGNITY

Receive personalized support and care from our Home Health Aides who are trained to provide:

- **Companionship & Bedside Care**
- **Personal Care, Hygiene & Grooming**
- **Dressing Assistance & Hair Care**
- **Toilet Care & Bathing Assistance**
- **Medication Reminders**
- **Bed & Cover Change**
- **Home & Family Assistance**

## Physical and Occupational Therapy

A licensed therapist creates an individual plan for you. These programs encompass pain management, muscle spasms/strains, range of motion, pediatrics, orthopedics, post surgery care, sports injury recovery, basic learning skills re-education, work related injuries, back and spine injuries, cervical injuries, balance and coordination development enhancement, strength and mobility recuperation.

## Speech Therapy

Our speech therapists can provide you or your loved one with communication skills evaluation, cognitive skills assessment, sensory skills evaluation, speech delay improvement, articulation exercises, Dysphagia treatment, aural rehabilitation, and swallowing exercises.

## Medical Social Worker

A medical social worker can guide you through the potentially stressful process of dealing with providers and insurances, while making sure you are receiving all the resources available to you.

## Transportation

We encourage all patients that have a primary care physician to remain under the care of that physician. We provide transportation to patients and help manage your appointments to ensure your care is complete and consistent.
